Logic Model

COOK COUNTY

ILLINOIS

Cook County's Team Initiative is to decrease breast mortality and increase access to healthy foods.

Benefits and Challenges of Logic Model Development

- Identifying ALL of the partners needed to address the issue.
- Keeping the focus upstream
- Developing a model of change framework
- Distinguishing outcomes/outputs
- Developing useful feedback for evaluation
- Developing a sustainable plan

How the Logic Model will Change Social Determinants

- A vehicle for us to bring all groups together to carry out our strategies
- Arranging resources for community mobilization.
- Sustaining the work - keeping us on track

Elements of the Logic Model

- Understanding upstream and downstream strategies.
- Processes - outcomes and outputs
- Understanding our capacity for change

Next Steps: Action and Implementation

- Expand stakeholders
- Definition of our structure
- Document progress and use feedback
- Collaboration with public, private and community leaders involved in these issues.
- Further enhancement of the teams skills
- Identifying additional funding for the initiative

STRATEGIES

- Strategies get you in the door

But execution pays the bills
(Gordon Eugene)

Remember we are all
vulnerable (Mayor Dellums)
